Subject: Fill in the blank for SSFL TASC
Date: 11/27/2009 09:04 AM

Dana --

Katie is list processing the community letters announcing that EPA is not going to implement TASC at SSFL at this time. When you approved the letter, you didn't "fill in the blank" on who the TASC contact would be. Katie can't complete her work until I let her know the answer. Did you want to be the temporary contact?
